

AMENDMENTS TO THE SPECIFICATION

On page 1, please amend the first paragraph as follows:

The present invention concerns that of a new and improved chemical composition for treating ~~and/or removing pimples and~~ acne on a user's face or other body part.

On page 3, please amend the first paragraph as follows:

The present invention concerns that of a new and improved chemical composition for treating ~~and/or removing pimples and~~ acne on a user's face or other body part. The composition would comprise a solution of white rum and rosemary. In order to use the composition appropriately, a user would apply the solution to the desired body part three times a day with cotton or cotton applicators.

On page 3, please amend the second paragraph as follows:

There has thus been outlined, rather broadly, the more important features of a chemical composition for treating ~~and/or removing pimples and~~ acne in order that the detailed description thereof that follows may be better understood and in order that the present contribution to the art may be better appreciated. There are, of course, additional features of the chemical composition for treating ~~and/or removing pimples and~~ acne that will be described hereinafter and which will form the subject matter of the claims appended hereto.

On page 3, please amend the third paragraph as follows:

In this respect, before explaining at least one embodiment of the chemical composition for treating ~~and/or removing pimples and~~ acne in detail, it is to be understood that the chemical composition for treating ~~and/or removing pimples and~~ acne is not limited in its application to the details of construction and to the arrangements of the components set forth in the following description or illustrated in the drawings. The chemical composition for treating ~~and/or removing pimples and~~ acne is capable of other embodiments and being practiced and carried out in various ways. Also, it is to be understood that the phraseology and terminology employed herein are for the purpose of descriptions and should not be regarded as limiting.

On page 4, please amend the first full paragraph as follows:

As such, those skilled in the art will appreciate that the conception, upon which this disclosure is based, may readily be utilized as a basis for the designing of other structures, methods and systems for carrying out the several purposes of the present chemical composition for treating ~~and/or removing pimples and~~ acne. It is important, therefore, that the claims be regarded as including such equivalent constructions insofar as they do not depart from the spirit and scope of the present invention.

On page 4, please amend the second full paragraph as follows:

It is therefore an object of the present invention to provide a chemical composition for treating ~~and/or removing pimples and~~ acne which has all of the advantages of the prior art and none of the disadvantages.

On page 4, please amend the third full paragraph as follows:

It is another object of the present invention to provide a chemical composition for treating ~~and/or removing pimples and~~ acne which may be easily and efficiently manufactured and marketed.

On page 4, please amend the fourth full paragraph as follows:

It is yet another object of the present invention to provide a chemical composition for treating ~~and/or removing pimples and~~ acne which is economically affordable and available for the public.

On page 4, please amend the fifth full paragraph as follows:

Other objects, features and advantages of the present invention will become more readily apparent from the following detailed description of the preferred embodiment when considered with the ~~attached drawings and~~ appended claims.

On page 5, please amend the first full paragraph as follows:

Applicant teaches a new and improved cosmetic composition in liquid form, for application to a user's skin. The cosmetic composition would be designed for treating ~~and/or removing~~ pimples and acne on a user's face or other body parts. The cosmetic composition would be in solution and comprise two ingredients, which would be a volume of rum and a portion of rosemary.

On page 5, please amend the third full paragraph as follows:

The rosemary to be used would be of a commercial variant. The inventor has discovered that a few (two to three) teaspoons of rosemary, mixed with a small amount of white rum, will create the composition that can be used by a user to prevent and eliminate pimples and acne from the face or other desired body parts. The volume of rum used would preferably be one cup.
